Onam Examination Study Plan

Instructions for Students

1. Follow the study plan every day without skipping scheduled subjects.
2. Complete all assigned revision before starting new topics.
3. Study in a distraction-free environment. Keep mobile phones away unless required for learning.
4. Practice writing answers instead of only reading the lessons.
5. Revise difficult topics every night before sleeping.
6. Solve previous question papers and model questions whenever available.
7. Maintain a neat notebook for formulas, definitions, and important points.
8. Sleep for at least 7–8 hours every night to improve memory and concentration.
9. Take a 5–10 minute break after every 45–60 minutes of focused study.
10. Reach SUCCESS ACADEMY with all required books, notebooks, and completed homework.
11. Inform your mentor immediately if you find any topic difficult.
12. Believe in consistent effort. Daily improvement is more important than last-minute preparation.

Instructions for Parents

1. Encourage your child to follow the daily study schedule without unnecessary interruptions.
2. Provide a quiet and comfortable study environment at home.
3. Limit mobile phone, television, and gaming time during the examination period.
4. Ensure your child sleeps on time and maintains a healthy daily routine.
5. Provide nutritious food and sufficient water throughout the day.
6. Appreciate your child's effort rather than focusing only on marks.
7. Monitor daily progress and sign the study plan after completion each day.
8. Encourage your child to ask teachers whenever they face academic difficulties.
9. Avoid comparing your child with others. Support their individual learning journey.
10. Ensure regular attendance at SUCCESS ACADEMY during the examination preparation period.
11. Stay in touch with mentors regarding your child's progress whenever necessary.
12. Help your child maintain confidence, discipline, and a positive attitude throughout the examination period.
